VISAGE

PERSONALISED FACIAL

60'75'90' minutes

220€ - 250€ - 290€

We offer a unique and entirely personalised experience developed in close collaboration with Muse & Heroine.

This facial treatment combines the benefits of highly effective and scientifically proven plant-based active ingredients with the expert techniques of our practitioners.

It stimulates the synthesis of collagen, improves skin elasticity, sculpts and tones facial muscles and calms inflammation through manual lifting and drainage techniques.

Each partner brand – Monastery, De Mamiel, Lesse, Activist, Ranavat and Lilfox – has been carefully chosen to create an experience tailored to your needs and wishes.

After carrying out a thorough diagnosis of your skin, we adapt our techniques to meet your specific needs. This treatment includes a Manual Deep Lift Facial®, a massage exclusively developed for us by Melinda Bognar to offer you a unique experience.
